Dear Sir,

"PACIFIC MARINER"

We thank you for your letter of the 31st December last in connection with survey arrangements on the above vessel. The contents of your letter were communicated to the Firm in ours of the 8th January with reminder on 23rd January and a reply has now been received, copy of which is enclosed.

It will be noted that whilst it is the Owners' intention to carry out Boiler & Screwshaft Surveys, and renew the injection valve, at the time of drydocking, they desire to postpone the Special Survey for one year and to carry out a General Examination.

We shall be pleased to learn in due course whether the Owner's proposal may be accepted.

We are,

Yours faithfully,

pro the Surveyors

The Secretary,
LONDON
