Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.

21st January, 1918.

Dear Sirs,

With reference to Mr. Bennett's First Entry Reports on the new steamers "ARDGAY" and "MAHSUD", I have to call his attention to the remark that it is proposed to carry oil fuel in the double bottom and deep tank, and have to request that Mr. Bennett will state whether all the requirements of the specification for carrying oil fuel in double bottom tanks have been carried out as regards the hull, so as to warrant a record in the RegisterBook of "carrying fuel oil F.P. above 150°F. in D.B."

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
GREENOCK.
