Dear Sirs,

Motorship "LATIRUS"

Your letter of the 28th instant has been read to the Committee at their Meeting today and in reply they have instructed me to say that provided the inspection to be held before the ship leaves the Blackwater is considered by the Surveyors to be sufficient to cover the round voyage, no further inspection will be required at Rotterdam.

This decision has been arrived at on the understanding of course that the experiments to be conducted in Rotterdam will not in any way weaken the vessel's structure.

Yours faithfully,

c.c. Rot. and Lon

Clerk to the
Classification Committee.
