DATE 22nd October, 1958.

The Secretary,
Lloyd's Register of Shipping,
71 Fenchurch Street,
LONDON, E.C.3.

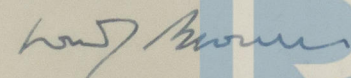

Dear Sir,

m.s. "LATIRUS".

We would refer to the Classification of the above named vessel which became due for Special survey in September 1957 and is at present laid up in the River Blackwater. We now desire this vessel should proceed in ballast under her own power from the River Blackwater to Rotterdam for the purpose of carrying out certain experiments at Rotterdam. Upon completion of this work the ship will be required to return in ballast under her own power to the Blackwater and take up her present moorings for an indefinite period. We shall therefore appreciate your advices as to your requirements in this connection and assume that a General Examination afloat will meet the purpose, which if satisfactory, will enable your Surveyor to issue a certificate of Seaworthiness for the proposed voyage, upon receipt of your advices that the Committee have favourably considered our proposal we will inform you of the approximate time the vessel will be required at Rotterdam, also advise you when it will be convenient for one of the Society's Surveyors to visit the vessel to carry out the required examination.

Thanking you for your kind attention.

Yours faithfully,
SHELL TANKERS LIMITED.

British Fleet Department.
R. & M. Division.
