

14th September, 1954.

COPENHAGEN

14851 "PASADENA" As recommended, except that a notation of DBS (WT) 7,54 has not been assigned, as waste heat donkey boilers are no longer regarded as water tube boilers, and they do not therefore become due for survey in this case until March, 1957.

"DBS" Further to my Classing Letter of the 31st ultimo, and with reference to your letter of the 25th June last, the Committee are agreeable to the Screwshaft Survey being postponed until the end of December next, and I shall be glad if you will inform the Owners accordingly.

14854 "ABADAN" As recommended. I shall be glad if you will furnish the Test Certificate for the rudder stock now fitted.

"INGER SKOU" I duly received your letter of the 10th ultimo, the contents of which have been noted. In the circumstances the present arrangement regarding the emergency ejection pipe has been considered as equivalent to the Rules in this instance.

R.M.C. 14869, 75, 76. As recommended.
