QUESTION

ANSWER

Date:—

With reference to the Special and Auxiliary Boiler Surveys, which become due at the end of September next, I shall be glad if you will ascertain and let me know what arrangements the Owners propose making for these inspections to be carried out.

The Running Survey of the Refrigerated Cargo Installation also becomes due at the end of September, together with the Special Survey of this Installation, which was partly held at Triest in June, and the Owners' intentions regarding these matter will be appreciated.
