on the 13th May, 1960 and subsequently

in accordance with the requirements of the Society's Rules for a
Commencement

Special

Biennial

Intermediate

Running

Survey, and that I have transmitted to the Committee of

Lloyd's Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have been carried
out to my satisfaction and that I have RECOMMENDED that the following

record of survey be assigned and the date of the Survey shown in the
Supplement to the Register Book:—

XXXXXXXXXXXXXXXXXXXXXXXXXXXX the installation
remains as classed without fresh record of Survey.

Now examined:

CO2 condenser (starbd) - coils tested.

CO2 evaporator (starbd) - coils tested.

"Hall" installation under working condition.

E. Speri (E. Speri)

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
