QUESTION

ANSWER

Date:— 21st September, 1960.

With reference to the Special and Auxiliary Boiler Surveys, which become due at the end of September next, I shall be glad if you will ascertain and let me know what arrangements the Owners propose making for these inspections to be carried out.

The Running Survey of the Refrigerated Cargo Installation also becomes due at the end of September, together with the Special Survey of this Installation, ~~and~~ which was partly held at Trieste in June, and the Owners' intentions regarding these matters will be appreciated.

We are now in receipt of a letter from the Owners informing us that this Vessel is expected to arrive at Trieste in the next few days when it is their intention to start the Special Survey and to carry out the other Surveys due.

Copy of this memo is also being sent to Trieste Surveyors.
