Messrs. Lloyd's Register of Shipping,
Maine.

Dear Sirs,

We hereby beg to submit for the consideration of the Committee of Lloyd's Register of Shipping that the intermediate bulkhead in after hold may be omitted and a deep web frame fitted as approved on frame no. 42 in the case of Øregundsvarvets Yard no. 18 "Atlantic", built to our order.

It is of importance to us that the holds be made as free as possible in order to meet the necessities of the general cargo and eventual timber trade, for which this vessel has been built.

We agree to that this be indicated in the Register Book, thus: "Intermediate bulkhead in after hold dispensed with, one B.H. to shelter deck 4 A.H. to upper deck.

We remain, dear Sirs,

Yours truly
