The Second Special Survey No.2 became due in the case of this dually classed vessel in August, 1938, when, owing to change of Ownership and her classification with the Registro Italiano, she was generally examined.

The case received consideration in November last and action was deferred, the Owner stating that he was not in a position to give any definite statement regarding the Special Survey.

The Society's Naples Surveyor now forwards a translation of a letter, dated 3rd ultimo, received from the Owner, in which it is stated that he has decided to withdraw the vessel from classification with this Society for economical reasons.

The Classing Committee had the case before them on Friday, 14th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (...) inserted in lieu thereof, indicating withdrawal of class at Owner's request.

20th April, 1939.
