Dear Sir,

We are in receipt of your notification of the 18th August with regard to the Annual Loadline Survey for this vessel, which becomes due on the 19th September. At the moment steamer is laid up and, with your permission, we do not propose renewing her loadline at the moment, but will certainly request that the survey be carried out before she proceeds to sea.

We trust this will meet with your approval.

Yours faithfully,
FOR COMMON BROTHERS, LIMITED,
