RECD OCT 3 1918
ANSD

Dundee, 2nd Oct. 1918.

Dear Sir,

With reference to your letter of the 26th ult. regarding the S.S. "Aberdeen", we beg to advise you that the necessary alterations to the vessel for assignment of load line have been duly carried out, and the report thereon forwarded to day as instructed. As pointed out on the report, the vessel is arriving here for the Tyne, where she will be docked in connection with change of ownership. We should be glad therefore if you would kindly send the amended freeboard particulars sent to the Newcastle office so that the Surveyors deal with the verification of the new loadings at that port. The Newcastle Surveyors have been advised. We have also arranged with the Owners to fill in the necessary particulars freeboard request form and forward same to you.

Yours faithfully,
The Surveyors,
for Aberdeen

Secretary,
London.
