

8  
MEMORANDUM

**From :** LLOYD'S REGISTER OF SHIPPING, 71 FENCHURCH STREET,  
UNITED WITH THE BRITISH CORPORATION REGISTER LONDON, E.C.3

(Ref. F.)

Date : 28.4.55

**To :** The Surveyor(s) at Adelaide

Vessel's Name : "NYON"

**Question :** With reference to your Rpt. C11(a) I shall be glad if you will state the means of securing each section of hatchway covers for hatches within the forward quarter length on the shelter deck, whether by locking bars or steel wire rope. You should also confirm that closing appliances for poop bulkhead have been examined and found to be in order.

Answer :

Date: 14.6.55

The closing appliances for the poop bulkhead of this ship were exd. at the time of the Annual Load Line Survey and found in order.
