Ans'd.....

Dear Sir,

Motorship "ANNIE JOHNSON"

The above vessel became due for Special Survey in June, 1961 and the Year of Grace will expire on the 30th June next. The validity of the Load Line Certificate will expire on the 24th June.

The Owners state that the vessel will be on a homeward journey at that time and will not have completed discharging her cargo until the 21st July.

In the circumstances the Owners have applied for permission to postpone the Special Survey until July and submit that the necessary inspection for extending the validity of the Load Line Certificate until the 31st July might be held at this port on the 2nd April next.

We shall be glad to learn whether the Owners' request can be approved and in view of the urgency of the matter would you kindly arrange for the Committee's decision to be telegraphed to this office.

Yours faithfully,  
THE SURVEYORS, Stockholm
