Dear Sirs,

Motor Tanker "CLYDE INVENTOR"

It is understood from the BP Tanker Company that this vessel is now in drydock in your district. A Special Survey will fall due next October and the Owners will wish to postpone that inspection until September 1963.

They have therefore requested that you shall examine the vessel so far as considered necessary on the present occasion so that you are able now to recommend the postponement of the Special Survey to September 1963 without further examination. This request has been approved and I shall be obliged if you will bear this point in mind. ||

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
NEWCASTLE.
