12 NOV 1946

Lloyd's Register of Shipping.

Port

FALMOUTH

21st, October, 1946.

This is to Certify that I have

Donkey Part

Surveyed the Boiler and Machinery of the motorship 'ACAVUS'
8,010 tons gross of London,
8,074 H.

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended that the record of + L.M.C., C.S. 10,46,
T.S., C.L.8,46 and D.B.S. 10,46

be made in the Register Book in the case of this vessel, when
the survey has been completed.

Parts now examined:—

Propeller, screwshaft, sternbush, sea valves and cocks with their outside fastenings.

Main Engine

Nos. 1,2,4,5,6 and 7 cylinders, covers, valves and valve gears, pistons and rods. Nos. 1,2,3,4,5,6,7 and 8 crossheads, guides, connecting rods with their top and bottom end bearings, crankpins, supercharge valves and casings.
Nos. 1,2,3,4,5,6,7,8,9 and 10 journals and bearings.

Jas. Stevenson

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
