Lloyd's Register of Shipping.

Port Rio de Janeiro,

1st June 1940

This is to Certify that

A.W.EAGLESCOE.

the undersigned Surveyor to this Society did at the request of the Owners Representatives and of Lloyds Agents attend on board the steel screw motor vessel "NUEVA ANDALUCIA" of Oslo, 10044 tons gross register on the 29th May 1940 and subsequent dates at this port, for the purpose of ascertaining the nature and extent of damage to the Port propeller, stated to have been sustained on 23rd May 1940 through having struck the quay wall on leaving the discharging berth at Monte Video.

For particulars refer to entries in log books.

On examination, the vessel having put into this port for the purpose of survey and repairs, the undersigned found the ship tipped and the propellers exposed.

One blade of the Port bronze propeller was found to be badly bent for approximately half of its length and fractured, and the cone end of the propeller shaft bent.

It was recommended that the shaft be drawn in for further examination, when the end of the shaft was found to be bent to an extent of one and three quarter inches. The bushings and fastenings were found in good order.

It was therefore recommended that the spare propeller and shaft be fitted.

These recommendations have now been satisfactorily carried out.

Fee 1:000\$000

A.W. Eaglescoe
Surveyor to Lloyds Register.

Expenses 250\$000

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
