QUESTION

ANSWER

As it would appear from records in this Office that this ship has not been mined in drydock by the Society's Surveyors since January, 1957, I shall be glad you will ascertain from Owners and let me know what arrangements are proposed to be made for such an inspection to take place.

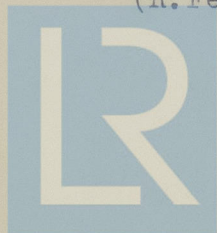

I shall also be glad to enquire on the Owners' intentions regarding the Donkey Boiler survey, which became due at the end of last month.

Date:— 28th March, 1958

We have been informed by the Owners Representative that the present charter will be completed during this month and that he will inform us at the earliest possible moment when dry docking arrangements have been made.

The donkey boilers survey will be carried out now.
