LONDON

Dear Sir,

In reply to your classing letter of the 25th Novbr. regarding the First Entry report Copenhagen No. 6954 on the Motor Vessel "ODENSE" I beg to state that the watertight bulkheads & tunnel have been tested as required and found good.

The freeboard has been verified and cut in, and the usual verification form sent.

The upper deck beams are bulb angles as approved and not angles as stated on my report.

I am, Dear Sir,

Yours faithfully,

*Cyril B. Scorer.*
