Dear Sir,

"BRITISH GENERAL" - Middlesbrough Rpt. No. 19061.

In reply to your classing letter of the 23rd instant, regarding the above vessel, we have to state that as the main engines for this vessel were constructed by Messrs. Vickers Armstrong, of Barrow, this matter should, we think, be referred to the Barrow Office, who were responsible for the construction of the main engines.

Yours faithfully,
The Surveyors,
