Dear Sir,

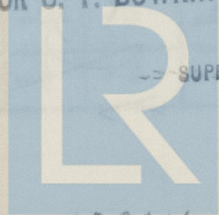

m.s. "REGENT JAGUAR"

We have your letter of the 7th instant and have to advise you that the adjustments carried out to the main engine crankshaft late in October, 1953 in New York have been found very satisfactory and, for your information, we enclose herewith copies of the last two sets of readings which we have received from the Chief Engineer.

We note that it is considered that it should be further checked before the end of April next and will arrange accordingly.

Yours faithfully,

FOR C. T. BOWRING & Co. LIMITED.

SUPERINTENDENT ENGINEER.
