WOKINGHAM COPY.

S.

6th February, 1945.

Dear Sir,

s.s. "EMPIRE KUMASI"
Glasgow First Entry Report No. 69178.

I duly received your letter of the 23rd ultimo and may say that the question of this vessel's generators has received special consideration today.

In reply I have to say that the generators have been accepted but that, in future similar cases, it is considered that where possible the Surveyors should ascertain the makers of the generators and inform them that the machines are to be given a high voltage test of 2000 volts A.C. for one minute to earth.

I am, Dear Sir,

Yours faithfully,

The Secretary,

GLASGOW.

Clerk to the
Classification Committee.
