

# Lloyd's Register of Shipping.

3, Steinhoeft,

Hamburg, 8th July, 1938.

Dear Sir,

With reference to the First Entry Report on the m.v. "GOLDFINDER" which is being forwarded to you today under separate cover, I have to state that this vessel is to be measured for tonnage in Norway, to which country she has now sailed. We should be glad to be informed of the tonnage particulars when these are received in the London Office in order that the fees may be determined and the account rendered to the Builders.

In accordance with instructions received from the Oslo Surveyors the freeboard certificate and copy have been handed over to the Captain with the written request that these be handed in at the Oslo Office for insertion of the tonnage and signal letters when the ship has been measured.

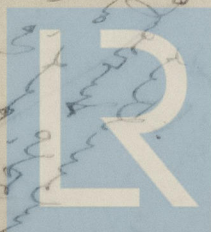

I am, Dear Sir,

Yours faithfully

*R. B. Shephard*

The Secretary,

LONDON
