1 Enclosure.

1st July, 1942.

C.S.S.

Dear Sir,

I am in receipt of your letter of the 29th ultimo (Ref. S), with enclosures regarding the proposed modified engine seating for the Motorship "GOLDFINDER", and the necessary reference plans have also come to hand from the London Office.

I now send, for your information, a copy of a letter which has to-day been addressed to the Society's Surveyor at Dublin, and if you will be good enough to let me have the third copy of the plan in due course, I will arrange to have it amended and despatched to the Surveyor.

I am, Dear Sir,  
Yours faithfully,

The Secretary,  
WOKINGHAM.
