Dear Sirs,

Motorship "NEVERITA"

I acknowledge receipt of your letter of the 7th instant and the enclosures forwarded by you have been noted.

It is thought well to refer you to your reply to my memorandum of the 1st May and to emphasise that in future similar cases it is essential that the renewals that have been agreed locally or Owners' proposals for renewals should be referred to this Office.

In Circular No. 2106 the drillings referred to are those of the shell and decks in way of the cargo tanks, the drillings of internal structure not being required in this Office, as corresponding renewals are the responsibility of the local Surveyor. A record of the recommended internal renewals should be kept, however, for the use of the Surveyor who carries out the Special Survey.

Yours faithfully,

Deputy Clerk to the
Classification Committee.

The Surveyors,
AMSTERDAM.
