M/V "MARIA VERONICA"

Dear Sir,

We have received enquiries from the Sub-Secretary of Transport, Chilean Government, for details of the above vessel, which was stated to be unknown and not registered here, nor has any application been filed.

A certificate B issued at Miami on October 25th 1961, states that she is of Chilean registry at the port of Valparaiso and classed 100A1 for "Chilean coastwise service" with a record of Dry Docking 10/61.

This may be an attempt by the Owners to put the vessel on this coast without permission and we would appreciate your comments on this matter urgently.

Yours faithfully,

R.A. Loraine
