Mr Soden

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

28th February, 1934.

Dear Sirs,

S.

With reference to your report No.18620 on the auxiliary oil engines 169213, 14, 15, 16 made by Messrs.Ruston & Hornsby, Ltd., and now fitted on the new Motorship "ISIPINGO", I have to inform you that all the survey fees for classification during construction of the vessel and engines have been received, except the £21 due for the survey of these auxiliaries.

As the non-payment of these fees is holding up the issue of the classification certificates, I shall be glad if you will endeavour to obtain a settlement of this amount without further delay, and advise me in due course what steps Messrs.Ruston & Hornsby propose taking in the matter.

You will at the same time be good enough to let me know whether this fee of £21 is included in the balance of £392 referred to in your letter of the 7th instant, which is due from Messrs.Ruston & Hornsby in respect of engines surveyed at their works.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
GRIMSBY.

Clerk to the Classification Committee.
