Reference

Dear ~~Mr.~~ Hill,

I am obliged for your letter of the 22nd instant and thank you for correcting the Minute on the "MYRTEEBANK".

I am sorry that the copy does not appear to have been a good one, but curiously enough, our copy here is quite good, with the exception of the list of plans on the last page. I am afraid that the damage must have been done through the Report having been put into the envelope too wet and the writing has probably soaked through. I did not see the Report before it left.

With kind regards,

Yours faithfully,

J. L. Warlow
