

Steamer "CLAN MACAULAY"

Mr. Roukounakis of Messrs. Rethymnis & Kulukundis states that his Company are contemplating purchasing this ship and to employ her for just one voyage and return to the Continent, taking about three or four months.

He enquires as to what our requirements would be for maintenance of class for this voyage.

Our decision on this point is a vital one affecting the question of whether the prospective purchasers will proceed with the matter or not.

*R.S.P.*

26th November 1963

Provided the voyage to the Continent and return does not extend past 3,64; there are no requirements for maintenance of class.

Similarly for machinery
