Dear Sir,

m.s. "MARGIT" - Cpn. Report No. 14467.

With reference to your classing letter of the 4th inst. we have to state that, the sizes of Nos. 4 and 5 hatch ways are as reported and not as indicated on the "as built plan", although the hatchways are drawn correctly.

It has been noted that the thickness of the shell-plating should be reported in hundreths of an inch, as on the approved plan of midship section, and not in millimeters.

Yours faithfully,

*W. J. J. J.*
