Dear Sir,

With reference to the three sets of Concrete Tug Engines manufactured by Messrs Davey, Paxman & Co., to the order of the British Ministry and sent by them in July 1920 to Messrs Green & Silley Weir, London, we understand our London Office was in communication with you regarding Lloyds' certificates for these engines, and as we cannot trace them having come forward we shall be pleased to hear from you regarding same. We were advised by Messrs Davey, Paxman to communicate with you regarding the certificates and understand that our London Office did so. As stated above, we cannot trace having received them.

Yours faithfully,
