ROBERT RAE.

the London Foundry Company Ltd., attend at their works Brinsdown
Enfield Highway, Middlesex, on the 3rd October 1918, for the
purpose of examining a number of small steel castings made by
them to the order of Messrs Davey Paxman, order No.31/476 and
intended to be used in the construction of Admiralty Reinforced
Concrete Tugs.

The castings consisting of 27 top half, 27 bottom half
bearings and 9 nuts, after being hammered were examined and
found so far as could be seen sound and free from blow holes.
