## LLOYD'S REGISTER OF SHIPPING

Port LONDON.

21st October, 1959.

This is to Certify that

S. P. ROOKE,

the undersigned Surveyor to this Society did at the request of

the Owners' Representative attend on board the S.S. "WANDLE",  
488, tons gross of London, while she lay afloat at Wandsworth,  
River Thames on the 21st October, 1959, for the purpose of  
examining closing arrangements in exposed decks & bulkheads,  
prior to the vessel's departure to Holland in tow as a hulk.

How Done:- The closing appliances of all openings in Freeboard  
& Superstructure Decks & the access openings at the ends of  
detached superstructures examined & found in good order.

This vessel, in my opinion, is fit to proceed in tow as a  
hulk from London direct to Holland.

The adequacy &/or efficiency of the towing arrangements  
is not the responsibility of the Society.

*S. P. Rooke*  
.....  
Surveyor to Lloyd's Register of  
Shipping.

S. P. ROOKE.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly  
performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances  
to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any  
entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of  
its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
