11th October, 1932.

Dear Sirs,

Dear Sirs,

M.

I have to acquaint you that the Steel Screw Steamer "WANDLE", Messrs. The Burntisland Shipbuilding Co's Yard No.173, has proceeded to your port with a view to the installation of the machinery.

To complete the Survey on the hull the following remains to be done :- Testing of the deck in way of the machinery casings, and the examination of the steering engine and connections and of the windlass in working order.

I shall therefore be glad if you will be good enough to give the case the necessary attention, and, on completion of the work, to forward a report on form No.8 with a view to the classification of the vessel.

The Surveyors,

FAITH.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
SUNDERLAND.
