Enclosures

13th June, 1957.

Dear Sir,

Steamer "AYRSHIRE"

lassn (S)

AH

With reference to Greenock Report No. 25915, it is concluded that the thickness of keel plate forward, is as shown on the approved plan and not as reported, and that the shell butts are welded and No. 4 hatchway on the shelter deck is 27' 6" and not as reported, but I shall be glad if you will ascertain from the Surveyors and confirm these points.

The approved and "as fitted" plans of profile and decks are enclosed, and I shall be glad if you will request the Surveyors to indicate thereon the doublings which have been fitted in way of openings, together with any openings cut in the deck.

The plans should be returned to this Office when this has been done.

Yours faithfully,

Assistant Clerk to the  
Classification Committee.

The Secretary,  
GLASGOW.
