FREEBOARD REPORT on the

John Crown & Sons

Yard N° 230

To 3rd Floor.

"FELIPES"

The Sunderland Surveyors have now submitted final CH (Comp) for the above vessel. Due to a modification of the actual sheer heights, a geometric summer moulded tanker draught of 16.59' may be assigned.

Please advise if the scantlings are suitable for this assignment.

The Scantlings are suitable for a Summer
Med. Tanker Draught of 16.59'
