Dear Sir,

S.S. "ORION"
Refrigerated Cargo Installation

We acknowledge receipt of your letter dated the 8th July regarding the completion of the running survey of the above installation, which becomes due at the end of this month.

For your confidential information we do not propose to continue the vessel in service after her present lay-up period in Hamburg, which terminates on the 30th September 1963. If, however, it is decided to re-operate the vessel in service after that date, all outstanding surveys would be brought up to date.

In view of this we shall be glad if you will give consideration to extending to us some relaxation of your running survey requirements.

Yours faithfully
P & O - Orient Management Ltd.
