SEI/SO

Dear Sirs,

S.S. "TOSA BAY".

With reference to your letter of the 19th April, it is noted from the Shipping Papers that the vessel is still laid up at Hong Kong.

I am pleased to inform you that in these circumstances the Committee are agreeable to the class remaining undisturbed in the meantime, provided that all outstanding survey matters are dealt with before the vessel again proceeds to sea.

In addition to the outstanding hull conditions of class, referred to in my communication dated 2nd March, I think it well to point out that the Main Boiler Survey became due at the end of May, 1966.

The vessel was last examined in drydock by the Society's Surveyors in May, 1965.

Yours faithfully,

C.C. H.K.G.

Assistant Classification Manager.
