Dear Sirs,

S.S. "APJ AMBAR"

The Committee have today had before them the case of this vessel together with your letter of the 5th and a similar communication from Calcutta of the 7th instant.

As the Screwshaft Survey in this instance fell due so long ago as April 1965 the Committee cannot feel justified in agreeing to any further postponement of this inspection beyond next month, and they therefore wish you to inform the Owners that the survey must definitely be held as now proposed otherwise the Committee will be unable to continue the ship in class.

It is concluded that the propeller and fastenings will be specially examined at the forthcoming drydocking as previously recommended.

Yours faithfully,

Clerk to the  
Classification Committee

The Surveyors,  
BOMBAY.
