Dear Sirs:

S.S. "WINONA"

We thank you for your letters of March 9th, April 10th, and also for your kindness to cable to your London Office.

The vessel was recently docked in the Ingalls Taiwan Shipbuilding and Dry Dock Co. Due to the reason that there is no Lloyd's Surveyors in Taiwan, the owners decided to change to Bureau Veritas Classification and passed the survey. She is now classified under B.V.

Regretting for the trouble we had caused you.

Yours very truly,

EDDIE STEAMSHIP COMPANY, LTD.
