In reply to your Classing letter dated 21st instant, we have to advise you that indented shell plates No. 7 from aft (port side) in 2nd and 3rd strakes below sheer have been dealt with on the occasion of this survey: this has been entered on our Report 8 under "Wear & Tear Repairs - shell plates faired in place p.s." and which were numbered from forward, i.e. H 15 and I 15.

We regret that this was not made clear.

Yours faithfully,  
The Surveyors,
