Dear Sirs,

Steamer "KELANTAN"

Reverting to my letter of the 10th March, the Committee have today had before them the full report of survey held at Singapore last month, and as a result they wish me to stress the fact that they will be unable to maintain the ship's class beyond the end of the present month unless a further examination is held by one of the Society's Surveyors and the ship is found to be in a satisfactory condition for any further postponement.

It is noted from the shipping press that the vessel sailed from Yokohama on the 14th March for Hirao, and it will be very helpful if you will kindly let me know the ship's latest position and furnish me with your assurance that she will either be broken up at that port or another survey held before she starts a further venture.

Yours faithfully,

Clerk to the  
Classification Committee.
