

## FREEBOARD REPORT on the

Caledon S.B. Coi S.S. No. 316.

It is submitted the Freeboards given on the accompanying form being those required by the Tables merit approval, subject to the particulars and dimensions now supplied being verified on completion of the ship.

The freeboards have been computed on a corrected tonnage coefficient of .45 and are, therefore, subject to alteration if found necessary.

When submitting his final report the Surveyor should give particulars of the tonnage of the upper tween decks in addition to the underdeck tonnage. He should also show on his report the length of the bulwarks in each well with particulars of freeing ports situated thereon, together with particulars of any scuppers fitted in the erections. He should also report the thickness and character of any covering laid on the upper deck in way of the freeboard marking.
