

M.S. "NORRISIA"

I telephoned Shell Tankers on Friday, 26th February to ascertain the movements of this ship. Their Representative stated that the ship had been sold "as now lies" to the India Trading and Transport Establishment. A towage certificate was issued and the ship left Gibraltar on the 28th January, 1960, for La Spezia. It was not stated by whom the Certificate was issued.

I gather there was a possibility of the ship being broken up on arrival at La Spezia.

According to Mr MacLay (Hoyd's) *DITOK*
ship has now been sold to
Italian Shipbreakers.

29th February, 1960.
