3304, 15, 26 "SHAMS" - As recommended, except that a record of Drydocking 6.61 has been assigned.

3308 "OCEAN ENDEAVOUR" - As recommended. I shall be glad to learn what definite arrangements the Owners propose to make to supply the sixty fathoms of chain cable.

3330 "MANSOOR" The General Examination for postponement of the Special Survey was partly held at Chittagong in January and February of this year. To complete the survey the peak tanks and DB tank immediately aft of machinery space require to be examined, and I shall be glad to learn what definite arrangements the Owners propose to make to complete this survey, bearing in mind the fact that the Special Survey was due so long ago as December, 1960.
