Your Ref. CD/NP.

Dear Sirs,

s.s. "PORTELET".

With reference to your letter of the 17th January, I have to inform you that the proposal to examine the ship in drydock in early April is in order.

The Society's Surveyors at Southampton recommended in May last that a defective stay tube in the starboard box in the starboard boiler should be renewed at the earliest opportunity and it is concluded that this will be dealt with at an early date.

The Main Boilers will become due for Survey at the end of May next.

Yours faithfully,

ee. SOU.

pro Clerk to the  
Classification Committee.
