Dear Sir,

Sub: FURTHERANCE OF SPECIAL SURVEY
AT U.K. AND CONTINENTAL PORTS

We must appreciate that despite the ships busy programme you are well ahead with the Special Survey work. Please try to complete all items that can be done afloat outside a drydock, by the end of this voyage. Wherever and whenever at U.K. and Continental Ports, the ship is in a position that any item or items of special survey can be carried out in full or part; please do so. If you cannot adjust different works in different holds as and when the holds will be empty; and you cannot but need the ship to be off hire for a day or two at the last port of discharge for such work; please let us know so that the same can be arranged with Pakistan Shipping Line Limited.

We expect to get sanction from State Bank of Pakistan for carrying out special survey work at foreign ports.

Thanking you,

Yours faithfully,
for UNITED ORIENTAL STEAMSHIP COMPANY,
