

210 Marine Parade,
BLUFF.

3rd March, 1964.

H.R. McStay, Esq.,
Surveyor to Lloyds Register of Shipping,
P.O. Box 904,
DUNEDIN.

This is to certify that the Donkey Boiler safety valves of M.V. "GLOUCESTER" 8532 tons gross of London, were adjusted to 100 p.s.i. and the oil burning system, remote controls and steam smothering system examined under working conditions, while the vessel lay afloat at Bluff on 2nd March.

R.C.F. Stockill

R.C.F. STOCKILL,
Acting Surveyor.
