

WOKINGHAM COPY.

Dear Sir,

7th August, 1941.

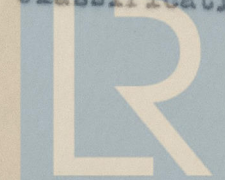

I duly received your letter of the 4th instant enclosing an endorsement by Doctor Montgomerie regarding the basis of fees chargeable for the steamer "MANCHESTER TRADER" and motorship "GLOUCESTER".

The Chairmen concur in the views expressed and the Glasgow Office has today been instructed to assess the fees in these cases on the gross tonnage measured to the second deck as will appear on the ship's register.

I am, Dear Sir,
Yours faithfully,

The Secretary,
C.S.S. Department,
GLASGOW.

Clerk to the
Classification Committee.
