Dear Sirs,

"SANGOLA"

We refer you to our letter T/JRE/P-645 of 22nd October in which we enquired whether you would be agreeable to carrying out a general examination to "Sangola" with a view to extending the Special Survey date to December next year. On re-examining the proposed employment of this ship it has occurred to us that it might be more advantageous, from an operational point of view, if instead of carrying out a general examination we were to progress the Special Survey with a view to completing it before December, 1963. It would, of course, still be our intention to renew the Passenger and Safety Certificate during the lay-up. We should, therefore, be grateful if you would now consider this proposal and let us know whether you would be agreeable to this course of action. Should any clarification of our proposals be necessary, before you feel able to agree, we shall, of course, be pleased to discuss the whole operation with you as convenient.

Yours faithfully,

*[Signature]*
